

Mr. Richard Wicking 9.29.07

I got all the forms you sent me. Thank you.

but i was wondering are there other papers i need to file?

if so can i get them or info how to acquire what i'll need.

being that im still here in county jail i have no access to any computer would it be a problem for the (ECF) program as you this case is designated for?

i have limited assistance/resources, but i am trying to learn as i proceed.

so any arrows in the direction i need to proceed is appreciated.

another thing i have been charged with a criminal charge on this matter but the victim stated in preliminary exam. i "did not" hit him.

and the one i bring this case against clearly was not telling the truth.

what i am getting at is that i have the issue on video; the pre-

-liminary transcripts should
i send a Copy for filing or wait?

One last question is there any-
-way to obtain any legal assist-
-ance through the courts?

well any type of guidance
your able to provide would
be a big help.

Thank you

Sincerely
